3 1/2" Brickmould w/Sill

PRODUCT BULLETIN

3 1/2" Brickmould With Sill

Minnkota Windows, effective immediately, will begin our 3 1/2" brickmould with an optional sill. It comes with an integral nail fin and co-extruded dust seal as a transition from the brickmould to window frame. This option is also available with a cut out J-Channel. This product allows for exterior coating to match the exterior of the windows or as an accent that can be any of the nine standard exterior color options available or custom color matching. This option is available for all window types.

List price: White - \$9.45/ft.
Exterior Finish - \$13.00/ft. (Almond is exterior finish on this product)

**Available in all Minnkota Windows
exterior color options**

3 1/2" top and side J-Channel Allowance: 13/16"
1 1/2" sill J-Channel Allowance: 3/4"

BM deduction to frame size width: 6-3/4"
BM deduction to frame size height: 4-13/16"

Users: 3 1/2" Brickmould w/Sill is listed among the Exterior Trim options. You also have the choice of having it cut for J-Channel.

Quote Form Users: Write 3 1/2" BM w/Sill in the information box of the form until the form is updated to list this new option.
